A GOOD INSTITUTION.
The People's Savings Bank of This City and What It Has Done.
See ad of the People's Savings Bank of this city in another column.
Money deposited on or before October 1 will bear interest from that date.
We know of no safer place for the laboring man or anyone else wishing to save money by depositing small amounts from time to time than our Savings Bank.
It receives deposits in any sum from a nickel up. All deposits amounting to three dollars and upward are entitled to interest. Money can be withdrawn at any time. This institution has been in active operation more than twelve years and has handled over half a million in deposits alone. It now has over one hundred and twenty thousand dollars (\$120,000) in deposits, and also has the rather remarkable record of having never lost a dollar. This fact is evidence of remarkable fidelity and business skill on the part of the management, amounting almost to a guarantee of safety.
Long may it continue to grow and prosper.

NEW BANK AT MADISON.
Organized and Begins Its Business Career Today.
Mr. E. M. Armfield, cashier of the National Bank of High Point, was in Greensboro this morning, going to Madison to assist in opening the new Bank of Madison, which enterprise was organized and put in motion largely through the efforts of the directors of the National Bank of High Point.
The organization was effected some time ago and the directors have put up a handsome new banking house and put in elegant fixtures. They begin business today with a complete banking equipment, all their own and under the most favorable and encouraging prospects.
The officers of the new institution are as follows: President, Col. J. M. Gallowsay, of Madison; vice-president, William C. Ruffin, of Madison; cashier, J. O. Kagsdale, of High Point. These are well known business men, in whom the people have confidence. Everybody knows Colonel Gallowsay, and Mr. Ruffin is superintendent of the Maydan Cotton Mills. Mr. Kagsdale is yet a young man, a nephew of Mr. J. S. Kagsdale, of Jamestown, and gives promise of a bright business career.

CARRIER BOYS QUIT.
And Our Neighbor, the Record, is the Victim
The Record carrier boys all quit in a body last evening. A communication was received by the Telegram from them today giving their version of the affair. They seem to place all the blame on Mr. Venable, of the Record, who, they claim made and enforced certain rules under which a part of the boys were fined and their wages docked. The boys in a body, called on Mr. Venable yesterday afternoon, and told him they would quit unless he paid them the amount which they were docked. He refused and the boys filed out. This, in a few words, is the substance of what the carriers say.
You can't make men out of boys before they are grown, and they will at times, be noisy, without any wicked or vicious intent. The carrier is usually faithful and works hard for his paper. We appreciate their services and are therefore willing to give the carriers of another paper a chance to be heard. We know nothing of the merits of the case.

More Thieving.
It seems that the persons who sleep at noonday and go about in the land at night are still getting in their work. A box car was broken open last week and some boxes of tobacco taken from it. Part of the plunder was hidden in the weeds near Cunningham's coal yards. The place was watched but the thieves failed to return.
Minor & Mitchell's store was broken into last Sunday night—the second time. Most of the stolen goods were recovered, but the thieves are still at large.

Schools Close Tomorrow.
In order to give the children an opportunity to attend the circus, the public schools of the city will be closed tomorrow. In order to make up for which last day, the schools will teach on next Saturday.

CAN LIVE BUT FEW MONTHS
Dreyfus' Murderers Have Done Their Work Well.

DOCTOR POZZI'S STATEMENT.
The movement at London to boycott the Paris Exposition continues to increase in strength.
By Cable to THE TELEGRAM
Paris, Sept. 12.—Dr. Pozzi, the physician attending Dreyfus may live only a few weeks and cannot possibly live but a few months. The patient's condition is such that milk and soda water is the only form of nourishment his stomach can hold.
The Figaro says the particulars of Dreyfus' health will be communicated to the government and that the matter will be considered at the cabinet meeting today. The only point on which the government will probably intervene is the carrying out of the prisoner's sentence.

TO BOYCOTT THE EXPOSITION.
London, Sept. 12.—The movement to boycott the Paris exposition continues. Several additional firms this afternoon announced their intention to suspend preparations until the Dreyfus blot has been wiped out.
WILL REGRET IT.
Paris, Sept. 12.—The Journal says the Duke of Orleans will have cause to regret the part he played in the Dreyfus affair, adding that the English royal family has declined to attend the marriage of his son, D. Charles; that the King of the Belgians has requested the Duke of Orleans not to stay in Belgium; the King of Italy has forbidden the Duke of Aosta to be a nephew to the King of Italy as the husband of Princess Helena of Orleans. The sister of the Duke of Orleans will receive him if he goes to Italy.

CORNELIUS VANDERBILT DIES.
The Millionaire Yielded to Paralysis at 5:15 This Morning.
By Wire to THE TELEGRAM
New York, Sept. 12.—Cornelius Vanderbilt died at 5:15 this morning at his residence on Fifth avenue. He returned from Newport last night and was taken suddenly ill at midnight. Drs. James, Jakeway and another physician worked five hours trying to restore the patient, but death came at 5:15. Mrs. Vanderbilt and their youngest son, Reginald, and youngest daughter, Gladys, were at the deathbed. Cornelius Vanderbilt, Jr., and his wife are at Newport but started for New York this morning.
The cause of the millionaire's death was a stroke of paralysis, similar to one he experienced two years ago.

Running From Fever.
A message received in Greensboro today from A. F. Hancock, who is in Jackson, Miss., says that he will leave there at once for Greensboro, on a count of the outbreak of yellow fever there, which bids fair to become fearfully epidemic. Mr. Hancock is a son of Mr. C. H. Hancock, of this city.

Reality.
The house corner of West Market and Mendenhall streets, formerly owned by George E. Stone, has been sold by Jordan & Macdonald, real estate agents, to Prof. P. P. Claxton.

Lights for Thomasville.
S. B. Alexander, of the Southern Electric Company, of Charlotte, passed through today on his way to Thomasville, where he will put in an electric light plant.

The Park Sodded.
The macadam in the miniature park at the east end of the handsome passenger depot has been removed and the ground neatly sodded.

Refreshment Car.
Captain West will have charge of the refreshment car on the excursion train to Norfolk tonight. Everything nice will be served.
Alexandria, Va., is making extensive preparations for the celebration of its sesqui-centennial, which will occur on October 12. The features of the event will be two processions—a parade of the military, firemen and trades in the daytime and a sentimental and historical pageant at night.

Wreckers, after spending \$50,000, have abandoned the steel ship Harlem of the New York Central line, stranded at Isle Royale, Lake Superior, last November.

A new line of the latest things in dotted and plain veillings, black and white, has just been opened at Thacker & Brockmann's.

NOTES FROM HIGH POINT.
The Local News From Our Neighbor Briefly Told.
TELEGRAM BUREAU
HIGH POINT, N. C., Sept. 12.

Mrs. J. Elwood Cox went north this morning.
Ernest Carr passed through this morning enroute to Greensboro.

W. J. Armfield, Jr., cashier Bank of Randolph, Asheboro, was here yesterday.

W. P. Chapman and wife, of Charleston, West Virginia, are stopping at the Jarrell.

The electric light poles have arrived and are being hauled to their places for planting, with dispatch.

Mr. and Mrs. Hala and child, of Graham, passed through this morning from Randleman, enroute home.

Some fifteen or twenty colored men left this place yesterday for Richmond to "pick" the banks—of railroads only.

Mr. and Mrs. V. F. Kelly and child, of Carthage, who have been visiting the family of Mrs. A. V. Kelly, left on the 11:38 train this morning.

High Point is to have a pressing club. The names of those wishing to become members are now being booked. A good thing, push it along. Girls not admitted!

Mrs. Geo. Thomson, Misses Ann Bell and Essie Mock and Messrs. W. E. Thompson and Chas. Thomas, all of Thomasville, were guests of this city yesterday afternoon.

W. H. Dudley has opened a first-class grocery store in the northwest part of the city, on Boulevard avenue, receiving most of his goods yesterday. He invites you to visit his place of business.

Two or three young men from this place went to Winston last Sunday to see their best girls—one in particular who experienced a bite on the hand—no by his sweetheart but by her father's dog. He (the dog) made a noticeable impression!

V. Theo. Ely and brother will begin a business school in the opera house here next Monday. Book keeping and penmanship alone will be taught. These gentlemen come highly recommended and their prices and propositions are very reasonable, we feel sure they will meet with success.

There was a hot time in the old town last night—a grand Georgia camp meeting cake walk was given by the colored folks in the Anchor warehouse. And such walking! The affair was witnessed by a goodly number, one hundred or more of whom were white people. All of the five couples did their best to win the cake which was of good size, and across the top in red letters bore the name of "Dewey," but couple number four were the lucky ones. J. W. Edmondson managed the affair. After the walk was over he announced that the honorable judges (white) would now "render their collision," and later on in speaking of a future cake walk said he would then have the house lighted with "electricity." Lawyer W. P. Ragan was called upon to present the cake to the winners and he responded in his "spread eagle style," making a speech as only Will can, which was quite amusing and elicited applause.

WHITSETT ITEN.
New Students Arrive—Big Rain Falls.
Personals.

Correspondence Telegram.
Whitsett Institute, Sept. 12.—Logan Robbins, of Rocky Mount, arrived today to enter school.

Will Glascock and Leone Clendenin, of Greensboro, favored us with a visit Sunday. Quite a pleasant surprise to their many friends.

Walter Sellers, of Burlington, was up to see us Sunday.

E. B. Clapp, of the Gate City, was among the Sunday visitors.

Mr. Robertson, we are informed, is to open a supply store in a few days, having severed his connection with the firm of Robertson & Oldham.

A goodly number gathered at the chapel Saturday evening to hear Dr. Whitsett lecture on "Education as an Art." The speaker held his hearers and all went home declaring it a most enjoyable occasion.

The football team, so it is said, will reorganize in a few days, having received challenges from various schools of note.

We have a good senior class for 1900, the number being 15. By reaching the senior class does not, by any means, indicate that all shall graduate. Below will be found the names of those who now compose the senior class: J. B. Robertson, Burlington; E. C. Parrish, Durham; A. H. Olive, Randleman; J. B. Haywood, Salisbury; B. F. Bray, Cape Hatteras; J. L. Patton, McLeansville; C. C. Barnhardt, H. B. Smith, Whitsett; E. V. Stewart, Greensboro.

A. H. Olive and J. C. Swim visited near Liberty Sunday.

THE FAMOUS TYLER FAMILY
Its Fourth Annual Reunion to be Held This Week.

CONSTITUTIONAL AMENDMENT
In North Carolina Will be Adopted by a Majority of 75,000, Says Mr. John D. Bellamy.

SPECIAL TO THE TELEGRAM.
Washington, Sept. 12.—An interesting meeting is to be held in Washington this week. It is a reunion of the famous Tyler family. For several years there has been an association of the members of this family and the custom has been to hold re-unions each year. This is the fourth annual re-union. As a matter of fact there have been two such associations, those comprising the northern, and those comprising the southern branch of the family. Efforts have been made to bring about a union of the family into one association, and this in part, is the object of the meeting to be held in this city. Some of the members of the southern Tylers hold that there is no relationship existing between the northern and southern branches, but others say that such a tie does exist, and they propose at the coming meeting of the association here to present positive proof of these assertions.
It is expected that there will be between three and four hundred representatives of the Tyler family at the meeting in Washington. It is said that altogether there are some fifty thousand Tylers throughout the country, and they reside in every state and territory. The president of the association is Professor Lyon G. Tyler, of the famous Virginia college, William and Mary. He is a son of Ex-President Tyler, to whom all the Tylers are more or less closely related. Governor Tyler, of Virginia, will attend the meeting, and will probably preside at the banquet which is to be held. The secretary and historian is Mr. W. I. Tyler-Bigham, who is a successful lawyer of Chicago. The meetings of the association are to be held at Willard Hall, and as stated a banquet will be given at the conclusion of the meetings.

Representative elect John D. Bellamy, a prominent North Carolina democrat, is in Washington attending to some matters in the interest of his constituents. Mr. Bellamy says that great interest is manifested in the state in the proposed constitutional amendment limiting suffrage, and he predicts its adoption by a majority of 75,000. The amendment, he says, is a most exact copy of the Louisiana provision, and that it is receiving the support of some of the best republicans of the state.

Mr. Bellamy says that the business outlook in the south has been very good this year, and he thinks the people are generally well off, if they are not prosperous.

The southern states are evincing much interest in the reception to Admiral Dewey in Washington, which is expected to be the "National" reception. Many of the members of the militia of the states south of the Mason and Dixon line will go to the New York reception, and will be accompanied by large delegations. It is stated at the headquarters of the committee for the reception here that a large number of those going to New York will come to Washington after the reception at the metropolises.

It was stated Monday that Governor McSweeney, of South Carolina, Governor Tyler, of Virginia, and Sayers, of Texas, have given almost positive assurances that they will be in Washington, and it is expected that a large number of people from both states will come to Washington. The railroads, it is understood, have offered a reduced rate of fare from all of the southern states to persons desiring to attend the receptions, both at New York and in this city.

Virginia people in Washington yesterday stated that the Virginia senatorial campaign remains favorable to Senator Martin.

Representative Jones, of Virginia, is said, upon his return from New York city, will resume his work for Governor Tyler.

Postmasters have been appointed in North Carolina as follows: R. L. Wooten, Bryer Creek, Wilkes county; S. A. Snow, Good Spring, Surry; J. H. Elner, Helton, Ashe county.

Special service will be discontinued in North Carolina at Chip, Craven county from Lima, from September 16th.

James F. Davenport has been commissioned Postmaster at Paotolis, N. C.

William D. Trotman has been commissioned postmaster at Trotville, N. C.

Last Notice.
Tonight promptly at 11:45 the special excursion train leaves on the regular passenger train for Norfolk for only \$3 round trip. Last chance to visit Norfolk this season. Two days and one night in Norfolk.

MAN SHOT IN WINSTON.
Big Crowd at the Circus—A Former Salemite Killed.

SPECIAL TO THE TELEGRAM.
Winston-Salem, Sept. 12.—There are about ten thousand people here today attending Robinson's circus. The street parade was an imposing and attractive one.

This morning about 6 o'clock a man named Binkley, from Yadkin county, was found near where the N. & W. railway crosses Fifth street in an unconscious condition, with a bullet hole through his head. The ball entered the outer corner of the left eye and came out above the ear. He was drunk and does not know who shot him, and has no recollection of being in any difficulty. Dr. Bynum attended him and says he will probably get well.

A telegram was received here last night saying that Frank Miller, who left Salem about three years ago, was killed yesterday in Indiana. The remains will arrive here tomorrow night for interment. No particulars are given, but as Mr. Miller was a carpenter it is supposed that he fell or was killed in an accidental manner about a building. He was 31 years old.

ANOTHER STANDPIPE.
Railway People Putting One at the Coal Chute.

In view of the fact that the Southern Railway engine's drink from the city water works we have wondered why provision had not been made to take on water at the coal chute—the place where the tender is replenished with coal. It seems that the railway authorities are now looking at it in the same light, and this morning permission was granted by the city clerk to tap the main near the coal chute for the purpose of putting in a standpipe for watering engines there. The work will be done at once.

The work of grading for the track of the Sanford and Mt. Airy division to strike the main line, so that passenger trains may reach the Elm street station is progressing nicely and soon traffic on that division will be transferred from the Davis street station to the Elm street station, the new depot.

STEEL CARS.

The steel freight car is said to be a success. Although a comparatively new thing, it is fast coming into general use. The announcement was made a few weeks ago that the Carnegie Company had contracted to supply one thousand tons of steel a day for ten years to the Pressed Steel Car Company, of Pittsburgh, and much public interest in the cars referred to has been aroused, and the question has been asked more than once: What would be the effect of a collision or other mishap on a railroad train equipped with steel cars? The Baltimore and Ohio railroad, which has just passed through a long period of reorganization, was completely remodeled and modernized in its rolling stock equipment during the receivership, and when the property was finally turned over to the owners the company possessed about six thousand nearly new pressed steel cars. The master car builder of the Pittsburgh & Western railway (which is a branch of the Baltimore & Ohio) has had several of the pressed steel cars sent to his repair shops from the road after having been in accidents of various kinds, and his report on the condition of the cars after the roughest usage in collision is, therefore, interesting and instructive. Among other things he says:

Steel car No. 4211 left the track known as our Negley stone track, which is about 10 to 15 feet higher at the point where car left track than our main line. Car went over the bank, landing on main track, and blocked the road. Our superintendent happened to be on board a passenger train which came up behind this trouble, and cleared the track by use of engine and chains. This car was under load of 100,000 pounds of crushed stone. The sides were crushed in about 18 inches, bending all the sides stakes on each side of the car, and breaking four journal boxes, one brake shaft, two hand holds, one window shift bent, drop door attachment bent, brake levers and guide horn off truck channel bent and brake beam torn off. The pressed steel diamond truck under this car was subjected to a great deal of rough usage in getting main track cleared, as it would be reasonably supposed that the body of car received some very rough handling to avoid delay to trains. I supposed that I would have to remove all the side stakes on account of their bent condition, but fortunately, we made a good first-class job by using hydraulic jacks and hammering on stakes until we got the side straightened. The material required amounted to \$8.37; labor, \$30.60; total \$38.97.

I might also add, for your information, which is very important, that if a train of wooden cars had been subjected to the punishment to which car No. 4211 was subjected there would have been nothing left but the scrap. In this case this car was the only car damaged in the train, it being so solid, substantially built, etc., that all other cars behind it were protected. A wooden car would not have stood the punishment that No. 4211 went through under such heavy load.

The day is near doubtless when all railroads will be equipped with these new indestructible cars for the transportation of passengers as well as freight. One of the Southern's fast vestibules rolling through Greensboro composed entirely of new pressed steel Pullmans and dining cars would be an interesting spectacle.

If there is the saving in wear and tear in that is claimed, coupled with the well known fact of the diminution of danger from fire, etc., in case of wreck, we see no reason why the pressed steel car should not be wholly adopted by the railroads.

The best way to revive interest in the dull Philippine war and enlist the hearty support of the public in the prosecution of the new campaign, is to call Otis home and place some officer at the head of the American army who is not afraid to visit the troops and inspire them with his person. Some Lee or Stonewall Jackson though there are none of them left we fear, would make no mistake of Aguinaldo in a jiffy.

WILL THEIR HEARTS GO BACK?

The following excellent editorial appeared in this morning's Charlotte Observer. It is so very appropriate to the theme with which the Christian and the civilized profane world is occupied at present that we reproduce it in full:

Upon a sultry summer day, when the sky is full of fast approaching storm, an ominous stillness fills the air and Nature holds her breath, until the storm bursts and she finds relief in the scream of the hurrying thunderbolt. After such fashion, upon the eve of the verdict of the Rennes court martial, an agitated earth awaited in breathless silence the pronouncing of the sentence. Now that the bolt has fallen, an agonized scream of horror breaks from the heart of the world. Berlin was furious when the news of the re-conviction of the Jew reached there, and there is a growing demand throughout Germany for the publication of the Esterhazy letters, which German agents have received, and which would show the real traitor up in his true light and at the same time convict France of trifling with truth and justice. London, likewise, the dispatches say, was horrified to hear the news, albeit she heard what she expected to hear, and she forgot for the moment her own troubles in the Transvaal and Kruger and the Uitlanders. The muzzles in Rome were greatly agitated, since they regard Dreyfus as a victim. There was a Dreyfus outbreak in Buda Pesth, where a crowd gathered in front of the French consulate and shouted its angry indignation. All over our own country the feeling of disgust is great. In Louisville, Ky., an indignation meeting was held. A Chicago contractor has discharged his anti-Dreyfus employees. Dreyfus, Demange, Labori are flooded with telegrams of sympathy from all classes and all nationalities. The president of France is flooded with telegrams, too—petitions for the pardon of the man sacrificed to save a guilty band of conspirators. The deepest chord of sympathy in the heart of the world has been touched by the injustice to the Jew, and the voices of five intimidated, coward judges are hushed—and will be hushed through all time—in this magnificent universal shout from the civilization of the planet: "Not Guilty!" The judgment scene has shifted. The world summons the judges before the bar and brands them "guilty." A once obscure Alsatian Jew has awakened the loving-kindness of the world. We may not forbear the hope that the splendid race of people who suffer in the sufferings of their kinsman of France, in the greatest crime of the century, will be so touched and softened by this rain of sympathy that their hearts will go back, two thousand years, in pity and love to that other Jew, that other Kinsman of theirs, who was unjustly sentenced in that other trial, the crowning crime of all the centuries, and who, consistent even in the agony of crucifixion to His earliest teaching of "love your enemies," cried out: "Father, forgive them for they know not what they do."

The immense and increasing business of the Southern Railway is the subject of much comment these days. The Southern is a proved friend of Greensboro, and our progressive city rejoices in her prosperity.

THE SIN OF FRANCE.

Nowhere on earth is a Jew so cordially hated as in the czar's kingdom. Yet the verdict pronounced by the five French second-judges against Captain Dreyfus has called forth the bitter fire of the Russians, whose newspapers join in the chorus of condemnation against this most scandalous crime of the century. France is universally condemned. The press of the entire globe has risen with one awful voice to hurl invective at the coward nation. The denunciation of the London Times, as follows, is a sample of the storm of universal condemnation that rises like a howling tempest. The Times says:

"We do not hesitate to pronounce it the greatest and most appalling prostitution of justice the world has witnessed in modern times."

This is a wicked old world. But she loves justice. And there is an all-seeing Eye that has seen all, and there is an omnipotent Hand that will administer the right. It may seem benighted to mortals, but France will some day pay the penalty for her national sin.

Chestnuts.

JOHN ROBINSON'S SHOW.

A Gorgeous, Sumptuous, and Impressive Augmentation.

To speak of the merits of John Robinson's Great World's Exposition is merely "love's labor lost" with the people of this nation. There is not an amusement lover on the continent that is not fully cognizant of the fact that it is now and ever has been the best among the best. Everybody does not know, however, that during its last winter's vacation the show has received an augmentation so vast and so important as to dwarf by comparison even its own great exhibitional excellence. We allude to the grand, gorgeous and sublime biblical spectacle of "Solomon, His Temple and the Queen of Sheba," in which innumerable people are active participants, and which is replete in grand scenicographic effect, typical reproduction of biblical personages and events prolific in pageant and processional features, lavish in entrancing ballets and terpsichorean diversions, and rich in trappings and appointments, requiring for its production the largest stage ever constructed, and conspicuously portraying sacred events, scenes and incidents, such as the Judgment of Solomon, Arrival of the Queen of Sheba, the City of David, the Palace and Temple, Court of King Solomon's Temple, the Walls and Towers of Jerusalem, Solomon's 700 Wives, the Sacred Ark of the Covenant, the Great Ivory Throne, Procession of War Chariots, Slaves Bearing Incense, Lovely Cresset Dancing Girls, martial and courtly parades and exciting chariot races. This eminently moral, historical and mind-elevating spectacle will commend itself to every lover of the sacred and beautiful.

The Robinson Exposition, with its sublime spectacular accession, is to exhibit in Greensboro, September 13

Kodol Dyspepsia Cure is a scientific compound having the endorsement of eminent physicians and the medical press. It "digests what you eat" and positively cures dyspepsia. M. A. Ketrone, Bloomington, Tenn., says it cured him of indigestion of ten years' standing. Howard Gardner.

Even pale ale will make a fellow's nose red.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chili Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

When a fellow's countenance falls there might be said to be a drop in his face value.

There's always hope while there's One Minute Cough Cure. "An attack of pneumonia left my lungs in bad shape and I was near the first stages of consumption. One Minute Cough Cure completely cured me," writes Helen McHenry, Bismark, N. D. Gives instant relief. Howard Gardner.

With military honors the funeral of Rear Admiral Henry F. Pickens will be held at the Charleston navy yard today and the body will be cremated.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D.: "I was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug store. Regular size 50c and \$1. Guaranteed or price refunded."

THE ONLY Big Show

That Will Visit

GREENSBORO THIS YEAR

"After all, Old Things Are Best." The Old Reliable

OLD JOHN ROBINSON SHOW

Which you have known, respected and enjoyed
through three generations, will visit you on

Wednesday, September 13th.

THAT WILL BE A GALA DAY!

For over three quarters of a century the people of beloved North Carolina and the South have claimed the old John Robinson Show as their favorite. Your grandfathers and grandmothers have sounded its praises, and many of the grown up sons and daughters of famed North Carolina early learned to lip the name of Old John Robinson with their baby lips and ever since have proved, like true North Carolinians, their loyalty to the show of their youth and no other amusement organ zation ever will or ever has held the place in the hearts of the whole people like the old reliable John Robinson Show and now after a long absence during which time it has assumed ten times the proportion in merit, size and magnificence, it comes to

Greensboro One Day, Wednesday, September 13th.

John Robinson's Ten Big Shows

In connection with the Grand Biblical Spectacle, Solomon, his Temple and the Queen of Sheba. Without a parallel, acknowledged by a universal public the most interesting Great Show, the peerless Exhibition of America. Three big circuses, four big rings, three big menageries, one prodigious aquarium, one complete aviary, one grand Biblical spectacle, ten truly great shows, one gigantic museum. For seventy five years through three generations this rightly and properly named John Robinson Show has been the most popular and profitable amusement has exhibited in every state in our vast union and the name of John Robinson is alone a guarantee that the performance under the vast canvases by far exceeds all others in merit, originality, magnificence, variety and quality.

THE MENAGERIE

Surpasses in magnitude and completeness the largest known zoological collection in the world. One of the special features of the big triple menagerie is the largest snake alive—25 feet long.

Two Great Special and Exclusive Features Secured
at Immense Expenditure.

A school of Sea Lions, the only one on exhibition in America. Also a herd of Philippine Water Buffaloes, direct from Luzon Island, Manila.

THE CIRCUS FEATURES

This season, obtained from Europe and America, will amaze and startle the world. Nothing like them ever before presented in this country. The most novel bareback riding acts ever witnessed. From nine to twelve of the world's greatest champion Lady and Gentleman Equestrians riding in four rings at one time. This feature is new and original with this show.

MORE FOR THE MONEY

Than any other three circuses furnish their patrons. Larger, costlier, and more distinctly original tableaux, cages and dens than owned by any big show in the world. Most costly costumes, more scenery used in the one great feature of Solomon and the Queen of Sheba than in the entire combined features of any other exhibited in the country. Over \$100,000 expended in this production alone. 100 of the most beautiful dancing girls in America.

THE GRAND STREET PARADE AND ROBINSON'S HORSE FAIR

An innovation in itself. A truly magnificent pageant. A feature of the free street parade is the grand spectacle of forty of the smallest ponies ever harnessed and driven at one time. Don't fail to see them.

TWO PERFORMANCES DAILY.

Old John Lowlow the Clown,

Will Appear at Each Performance.

There's a greater demand made on the strength of the mother when nursing than at any other time. She has just gone through the shock and strain of maternity, her vitality is at its lowest and the food she eats must nourish two lives. The result is that the mother looks around for a "tonic," and generally finds her tonic in the form of a medicine, which not only gives the mother no real strength but is an injury to the child. It is the concurrent testimony of women who have used Dr. Pierce's Favorite Prescription, that it is the most perfect preparation for motherhood and all its functions which has ever been discovered. It prepares the way for baby's advent, giving the organs of birth vigor and elasticity. It establishes such a condition of health that nervousness, anxiety and morning sickness are unknown. With this condition comes a healthy flow of nourishment for the child, which enables the mother to gratify the fondest instinct of maternity.

"Two years ago I used two bottles of Dr. Pierce's Favorite Prescription, and in April a nice baby was born, before the doctor came, writes Mrs. Katie Auliker, of 724 Pat Street, Alliance, Ohio. 'I was not very sick. Baby is now 14 months old and weighs 20 pounds. I am again taking the Favorite Prescription and feel very well. Several neighbors are using Dr. Pierce's medicine through my telling them about it. One lady says, 'before commencing Dr. Pierce's Favorite Prescription I had to vomit every day, but after I got it medicine, from the first spoonful I took, I stopped vomiting. It has done the same thing for me. It is a God-send for women.'"

No alcohol in any form, is contained in "Favorite Prescription," neither opium, nor other narcotics. This cannot truthfully be said of any other medicine especially designed for women and sold through druggists. Sick women are invited to consult Dr. Pierce by letter, free of all charge. Every letter is treated as strictly private and sacredly confidential, and all replies are enclosed in plain envelopes, bearing no printed matter whatever. Address Dr. R. V. Pierce, Buffalo, N. Y.

MISSION KILLED TO A MAN.

The Fourau-Lamy Expedition Annihilated by Tuaregs.

Tripoli, Sept. 11.—A carrier who has arrived here reports that the French mission headed by Fr. Fourau and Major Lamy has been annihilated. He says the mission was attacked by an immense body of Tuaregs, who after suffering terrible loss, killed all the members of the mission by force of arms.

On March 22nd of this year a dispatch was transmitted from Algiers to Paris that a party of Tuaregs had attacked an European expedition on its way to Air, in the Sahara, killing ten men and capturing part of its caravan. It was said that the expedition attacked must have been the Fourau-Lamy mission, but on March 23rd, official dispatches reached Paris from Blakara, 214 southeast of Algiers, that the Fourau-Lamy expedition had arrived at Agartas and that it could not, therefore, have been the party that was killed by Tuaregs.

An Apple Tree in His Head.

The Albemarle correspondent of the Charlotte Observer says that a boy living at Albemarle picked an apple seed out of one of his teeth a few days ago, which had been lodged there for some time and which was beginning to sprout. If he had let it stay there much longer he would doubtless have had a young apple tree growing out of his mouth before many moons. This is almost equal to Baron Munchausen's imagination.

A Wonderful Cure of Diarrhoea.

A prominent Virginia editor had almost given up, but was brought back to perfect health by Chamberlain's Colic, Cholera and Diarrhoea Remedy. Read his editorial. From the Times, Hillsdale, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of this trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man today and as well as I ever did in my life.—O. R. Moore. Sold by C. E. Holton.

Three hundred men, employed in the copper mines at Ducktown, Tenn., have struck because the companies refuse to recognize their union, and others are expected to follow.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give you prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at C. E. Holton's drug store. Only 50 cents per bottle.

ONLY A NIGHT DISTANT.

The Big Show Comes Tomorrow.

Wednesday, September 13

YOU HAVE NOT LONG TO WAIT.

Wednesday, September 13, and Only

That Day, Will John Robinson's

Show Exhibit in Greensboro.

There is certainly no traveling tented exhibition in the entire United States that is as well and favorably known to the amusement loving people of America as is the John Robinson Show, which will exhibit here tomorrow. To the people of the Old North State his name is and has been for over half a century a household word. This selection was the scene of his early triumphs and his name has always been and ever will be greeted with a joyous, pleasurable welcome. The more announcement of the coming to our city of his vast amusement enterprise has caused a furor of excitement and dwells all thoughts of other shows to insignificance. The people know the John Robinson Show, there is a seal of greatness that surrounds the name that satisfies the popular feeling. All know of the show's excellence, all know of its greatness, all know of its truthfulness. They know that what John Robinson permits his agents to say will be carried out to the very letter; that he promises he performs; his word to the people has never yet been broken.

When his bills read that tomorrow (Wednesday) September 13 he will present the very best circus ever in Greensboro, all the people know that such will be the case. When he says as he does say, that you will see the largest menagerie ever witnessed in Greensboro tomorrow, September 13 you can depend that he will verify his statement; when he says in the procession with my show will be heard many bands of music, will be seen many golden chariots, more cages of animals, more horses, more ponies, more people mounted and more men, women and children than with any other show in America, you can depend that on tomorrow, Wednesday, September 13 the grand display upon the street will prove his sincerity and truthfulness.

Not only does he promise the largest and best circus, the largest menagerie and more performers than any show, but he goes still further and says that in Greensboro tomorrow, Wednesday, September 13, he will present to his many friends a grand biblical spectacle, entitled, "Solomon: His Temple and the Queen of Sheba," in the production of which the services of over five hundred people are required. Every detail is biblically correct and a life like representation of the beautiful Bible story of the unflinching scene which took place during the most opulent reign of Israel's wisest King, and also remember that only on tomorrow (Wednesday), September 13, can these wonderful features be witnessed, for it is on that day only the great John Robinson Show exhibits in Greensboro.

Young Lady Lost.

Miss Virginia Mosley, a young lady living at her father's house near Monroe, has mysteriously disappeared. The neighborhood has been searched in every nook and corner. The creek bottoms have been dragged and the wells all looked into. There are between three and four hundred people on the ground engaged in the search.

A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by C. E. Holton, druggist.

The catalogue of the Paris Exposition, now in course of preparation, is to be a monument to the art of printing and bookbinding as practiced in France. It will consist of eighteen volumes, devoted to as many special groups of exhibits.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. C. E. Holton will refund your money if you are not satisfied after using it. It is every where admitted to be the most successful remedy in use for bowel complaint and the only one that never fails. It is pleasant, safe and reliable.

The gun that fired the first shot in the Spanish-American war on the Raleigh, at Manila, will be a feature of the Dewey parade in New York.

The great success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the treatment of bowel complaints has made it standard over the greater part of the civilized world. For sale by C. E. Holton, druggist.

George T. Sellow has resigned as instructor of mathematics at Yale University to accept a professorship at Knox College, Galesburg, Ill.

BRIEF LOCAL MATTERS.

Miss Fannie Jackson, of Selma, ar-
rived in the city yesterday evening to
visit friends.

It now looks like the custom of fain-
ing on all circus days in Greensboro
will be broken this time.

Messrs. R. M. Simmons and W. C.
Douglas, of Raleigh, were here last
night enroute to Asheville, where they
argue the railroad taxation cases be-
fore Judge Simonton today.

Miss Selma Lamb is now in New
York in the interest of Mrs. Rosa
Hammer Carter's millinery establish-
ment. She will visit Philadelphia and
Baltimore on her return home.

The Greensboro Ice & Coal Com-
pany employs space in The Telegram
today to let the people know they will
sell coal the coming winter—in fact
they are ready to fill orders now.

Messrs. Hatch & Brunson, new fur-
niture dealers, are getting their store
in the Groome building in good trim,
and have some fine goods displayed.
It will be several days, however, be-
fore they get their full stock in order.

Sheriff Dorsett, of Davidson county,
passed through this morning, having
in charge two colored men for the pen-
itentiary. One of them goes up for
two years for storebreaking in Thomas-
ville, and the other gets a two-year
sentence for shooting at a train.

Edney Ridge, a Greensboro boy, is
taking a stand at Oak Ridge that
gives his friends a feeling of pride in
him. We learn that he has been elec-
ted president of the Philomathean So-
ciety for the term beginning Oct. 1st.
He is also treasurer of the athletic as-
sociation.

Mr. J. W. Tillinghast, of this city,
has been elected violin instructor at
Salem Academy, filling the vacancy
caused by the departure of Mr. Chas.
J. Brookmann for Richmond. Mr.
Tillinghast will, therefore, be absent
from the city on Tuesday and Friday
of each week, in attendance upon his
new duties.

Miss Margaret Young, of Asheville,
who has been spending several weeks
with Misses Ethel and Jessie Thomas,
on Davie street, left last night for
Salem where she enters the Academy
for a post-graduate course. Miss
Young is a most lovable and highly
accomplished young lady, and she
made scores of warm friends during
her short stay in the city who hope to
have the pleasure of welcoming her
among them again.

Messrs. Bloxton & Jennings will
move their furniture business to the
storeroom formerly occupied by S. G.
Hodgin & Co., on South Elm street.
The new store is now being prepared
and some goods moved in. This pro-
gressive firm will have more room for
their growing business and will be bet-
ter prepared to display their prettiest
line of goods. They are excellent
young men, upright in their dealings,
and we wish them much success.

Mr. Robinson not only offers to his
patrons the best series of circus per-
formances, the finest and most elab-
orately equipped hippodrome, and the
largest and most comprehensive
menagerie, but has added this year to
his already superlative series of ex-
hibitions the grand biblical spectacle
of Solomon, his temple, and the Queen
of Sheba, unquestionably the finest
scenic, professional, terpsichorean
and lyric spectacle that has ever in-
vited public patronage. Our citizens
will soon have the opportunity of
witnessing these grand exhibitions, for
they are to be in this city, on Sept.
13th.

The Very Thing.

A man was cursing and abusing the
dispensary, when a citizen remarked:
"I haven't seen you under the influ-
ence of liquor lately." The former
replied: "No, I haven't touched a
drop since the dispensary was estab-
lished. I don't care for it if I can't
go in like a man and treat my friends."
The very thing dispensary advocates
are driving at. They want to get rid
forever of the curse of social drink-
ing.

After Moonshiners.

Joe Millikan and J. A. Logan have
gone to the eastern part of the county
to investigate reports of the illicit
manufacture of corn likker in that
section. If they don't find anything
down there to pull or to chop up, they
may make a circuit around through
Rockingham and up into Stokes. Such
a trip almost always proves success-
ful.

Astronomical Observations.

Stars of the first magnitude will be
photographed tonight on West Sycam-
ore street. A number of satellites
will also be photographed in the re-
flected glory of the stars. In other words
a number of pretty girls and young
gentlemen will be photographed by
flashlight at Miss Lottie Peyton's
home on West Sycamore street.

Declined, With Thanks.

Ticket agents have to keep their eyes
open and wits about them, as the fol-
lowing incident will show: Not many
nights ago, when there was a crowd at
the ticket window of the new depot, a
man asked the agent to give him a
five dollar bill for five dollars in
change. The agent was taking in the
change and giving the man the bill in
return, when the sharper, remarked,
"Never mind; take the five in change
and the five dollar bill and give me a
ten instead." Mr. De Butts very
promptly declined to accommodate the
crook, who disappeared for parts un-
known. Had Mr. De Butts obliged the
stranger he would have been just
five out—Incidentally we will remark
that John Graham and Dick DeButts
are about as good as ever punched a
ticket or answered three or more ques-
tions at once.

Something Dramatic Soon.

The Greensboro Dramatic Club has
something nice in store for the public
which will be given at an early date,
notice of which will be duly given.
Mr. Richard Crawford, a young gen-
tleman of this city of a high degree of
intelligence and native talent, has re-
cently joined the club, making quite a
weighty addition to the personnel of
the company.

At the earnest solicitation of friends
I have decided to open a private kin-
dergarten on September 18. Having
been in the work for the past six years
I assure the public of the most thorough
and up to date kindergarten methods.

General Wheeler

Taking in the situation around Manila. Now let Uncle Sam relieve Olds
and give the old Buttermilk Ranger a half chance and you'll very soon hear
the insurgents calling for the calf rope. The name Buttermilk Ranger was
given to our cavalry during the 60s. An army to be victorious must have
confidence in their leader. Take the record of General Jackson. Why, the
soldiers under him knew no such thing as defeat, and to just say that Jackson's
in the rear was enough to throw consternation in the camp of the enemy. Con-
fidence is just as important in the commercial world, and the mere mention of
the name

HARRY-BELK BROS. CO.

creates a panic in the mercantile arena. We cannot understand how we can
always get in the rear of their prices, but this is easily explained. For we
have a leader that knows every bog path that leads to the manufacturing
plants of this country and keeps posted. In this way you see we only buy
from first hands, thereby saving the middleman's profit. Our buyer spends
weeks in the market. Take the army of stores—Charlotte, Greensboro, Mon-
roe, and Union, S. C., and you will at once see that it requires tons upon tons
of goods to supply them. Buying so largely we take the entire output of a
number of factories. In this way we get the inside prices. Our buyer will soon

In the manufacturing centres of this union and, like Wheeler in the Philip-
pines, you will hear something drop shortly in old Guilford that will astonish
the natives. Before it takes place, and in order to make room, we have
made JOB COUNTERS in all departments to clean up many valuable lines at
half price. Price is no object. The room is what we want and must have. Be
